

A full-page background image of a smiling couple embracing outdoors. The woman, on the left, has voluminous curly hair and is wearing an orange top. The man, on the right, has a beard and is wearing a green button-down shirt. They are both looking upwards and smiling joyfully. The background is a soft-focus view of green trees and foliage under bright, natural light.

Bupa Hospital covers

Since 1 July 2019, Bupa classified private hospital covers into the new Australian Government tiers of gold, silver, bronze and basic. These all include the use of standard clinical definitions or categories, with the aim to make inclusions and exclusions for treatments easier to identify. The Australian Government published the table below to display minimum requirements of standard clinical categories to be offered within each tier for hospital treatment products.

Where Bupa has chosen to provide more than the minimum requirements as set by the Australian Government you will see a “Plus” in the title of the hospital product, this product may be an on sale, off sale, domestic or corporate product.

Please note, for Visitors Hospital covers, Working, Non-Working and Overseas Student Hospital cover products, there may be slight variations to some of the standard clinical definitions or categories. Additional categories may also apply. The four tiers do not apply to these covers.

An Eligibility Check should be undertaken prior to an admission to confirm product coverage.

Disclaimers for Retail Hospital covers:

Bupa Medical Gap Scheme benefits are only available at Private Hospitals with which Bupa has an agreement, or Public Hospitals. More information is available at bupa.com.au/for-providers/medical/medical-practitioner

Excess and co payment apply to inpatients only.

Please note there is a small number of Network hospitals that may charge a fixed daily fee for some services.

This fixed daily fee is capped at a maximum number of days for inpatient stays but is uncapped for day programs.

Surgically implanted prostheses up to the approved benefit in the Australian Government’s Prescribed List of Medical Devices and Human Tissue Products.

A small number of non-PBS drugs are not covered — contact Bupa pharmacy advisor pharmacyhospital@bupa.com.au

Minimum benefits for same day psychiatric/rehabilitation services in a private hospital are only payable where Type C requirements are met, or where a specific contracted psychiatric/rehabilitation benefit exists.

Waiting periods will apply for any new services gained as a result of moving to a new product.

Waiting periods may apply when changing excess to a lower amount.

*This is where hospital treatment that is restricted or an exclusion will be treated as included if a member requires hospital treatment as the result of an accident that occurred in Australia after joining. Treatment must have been sought within 72 hours of the accident and any further treatment for that accident where an admission or readmission is required must be within 180 days of the event.

**Private Room means, for the purposes of a private room in a public hospital, a room in a hospital which: is purpose-built and suitable for no-one other than a single admitted adult patient; holds one single-sized bed; and has a dedicated ensuite, except as otherwise agreed by Bupa.

***36 month waiting period will apply for laser eye correction surgery. (Excludes lens implants for eye correction).

Disclaimers for Corporate Hospital covers:

Bupa Medical Gap Scheme benefits are only available at Private Hospitals with which Bupa has an agreement, or Public Hospitals. More information is available at bupa.com.au/for-providers/medical/medical-practitioner

Excess and co payment apply to inpatients only.

Please note there is a small number of Network hospitals that may charge a fixed daily fee for some services.

This fixed daily fee is capped at a maximum number of days for inpatient stays but is uncapped for day programs.

Surgically implanted prostheses up to the approved benefit in the Australian Government's Prescribed List of Medical Devices and Human Tissue Products.

A small number of non-PBS drugs are not covered – contact Bupa pharmacy advisor pharmacyhospital@bupa.com.au

*This is where hospital treatment that is restricted or an exclusion will be treated as included if a member requires hospital treatment as the result of an accident that occurred in Australia after joining. Treatment must have been sought within 72 hours of the accident and any further treatment for that accident where an admission or readmission is required must be within 180 days of the event.

**Private Room means, for the purposes of a private room in a public hospital, a room in a hospital which: is purpose-built and suitable for no-one other than a single admitted adult patient; holds one single-sized bed; and has a dedicated ensuite, except as otherwise agreed by Bupa.

***36 month waiting period will apply for laser eye correction surgery. (Excludes lens implants for eye correction).

Partial coverage hospital claims

There are factors to be aware of where a member is admitted to hospital for multiple treatments. If at least one of those treatments is covered by the member's policy but one or more of those treatments is not covered, Bupa will generally only pay a benefit towards the covered treatment, as long as the member has served the applicable waiting periods and meets eligibility requirements.

For domestic members, Bupa will also cover treatment as required under the legislation related to paying benefits. This includes paying benefits towards Associated Treatments for Complications, Associated Unplanned Treatments, Common Treatments, and Support Treatments.

Outside of these situations, if a member receives multiple hospital treatments during an admission to hospital, that is both included and excluded, we will pay for all the included treatment and may pay any element of treatment that cannot be appropriately allocated to the excluded treatment on an ex-gratia basis. Otherwise, the member will be responsible for all expenses related to the treatment which is excluded on their policy.

If you submit a partial coverage hospital claim on Eclipse you may receive a message **indicating** that benefits are not payable, including the following message: "2006 Benefit not payable for services claimed or requested".

This may be an error if the member is covered for at least one treatment submitted as part of the partial coverage claim.

If you do receive **messaging indicating that benefits are not payable** for a partial coverage hospital claim, please contact Bupa on

Email: **hospitalclaims@bupa.com.au**

Tel: 134 135

Hours availability: 8.30am – 5.00pm EST
Monday to Friday, so that we can urgently reassess the covered treatments of the claim.
